Get Started!

1. Download the iNaturalist app to your Android or Apple smart device.
2. Connect with SciStarter (see back for details).
3. Start observing and register for the 4/27 bioblitz.

Connect your iNaturalist & SciStarter Accounts

1. Download the iNaturalist app to create an account for the Port Gamble Forest Heritage Park Bioblitz April 27.
2. Go to [SciStarter.org/login](https://scistarter.org/login) to login or create a SciStarter account.
3. Under “info & Settings” on your SciStarter account profile, add your iNaturalist username under “Affiliation Integration.”

Why? Earn credit, find more events/projects, help measure collective impact. By connecting to SciStarter, your iNaturalist observations will automatically contribute to “One Million Acts of Science” during April. These actions only need to be done one time.
